OUR ENJOLIFE

WHO

Johannes Engl, CEO and Founder

FOUNDED IN

1990

WHERE

The ENJO idea was born in Austria and our products are still manufactured there today.

WHY

Johannes' father Friedrich, a tinkerer and inventor, observed an oil spill on Lake Constance in Austria. The fire brigade began the hard work to remove the oil slick. Friedrich wondered if there was a better way to remove toxic spills.

HOW

At home Friedrich attempted to filter oil from water using special textiles. He discovered that one of the test fibres had the property of pore deep cleaning. The unique ENJOtex fibre was born.

ENJO TODAY

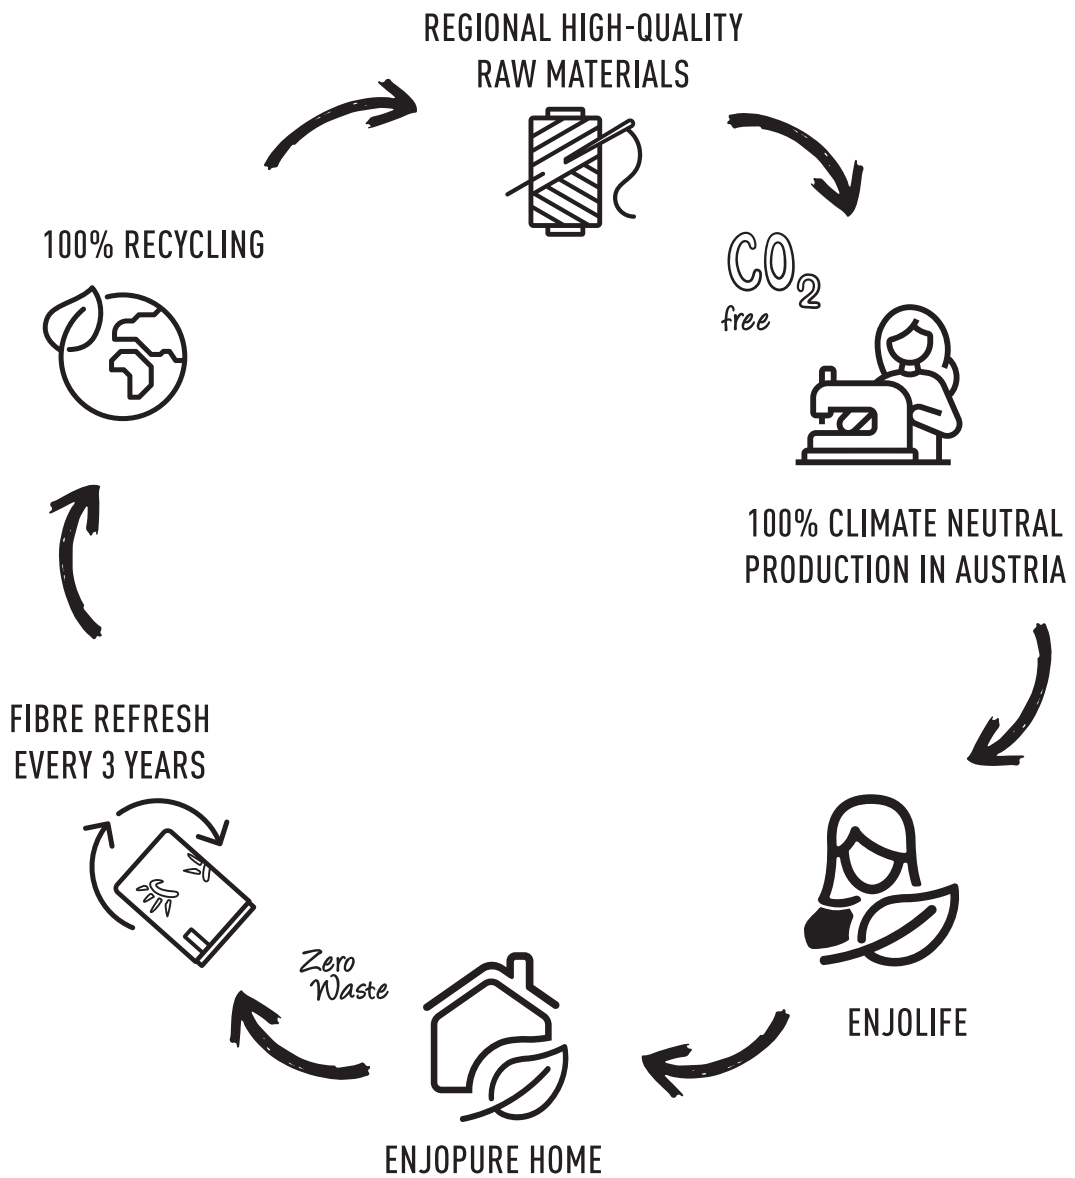

ENJO products are available world-wide. ENJOpreneurs enjoy their ENJOLife and guide people in making their homes ENJOpure. Our team of ENJOpreneurs are proud to live and work with ENJO's values: honest, brave and high-value.

We are proud of our many certificates. Here are just a few of them:

The Enjo Difference

ENJO CYCLE

Cleaning with Enjo

SAVE TIME & MONEY

PROTECT YOUR HEALTH

KLARA
ENJOPRENEUR

Our ENJOtex fibres and product range set the world standard for cleaning. We have on our doorstep in Vorarlberg Austria the unique opportunity to access five different textile techniques. Some of the most innovative suppliers in the world. This allows us to design and make fibres which are unique and modern. From the gentlest fibre to our strong and rugged ones, we lead the field in terms of quality and functionality. Every product we manufacture is hand-finished by our experienced and dedicated production team. We are passionate about our production - you can see, feel and experience this every time you use your ENJO products. The quality is in the detail and we are proud of what we produce.

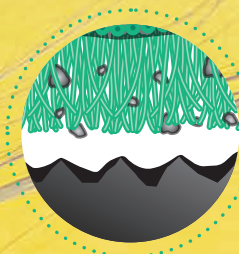

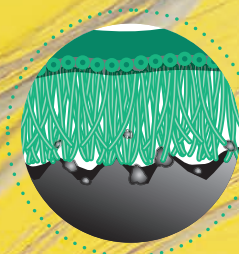

The fibre

MAKES THE DIFFERENCE

Traditional cleaning

Conventional cloths clean superficially, leaving dirt and chemical residue in the crevices of surfaces.

Cleaning with ENJO

ENJOtex fibres remove dirt and particles from all crevices. The dirt is trapped by the ENJO products until washed out of the fibre.

Skin friendly

Cleaning with water.

Gentle on surfaces

Thanks to soft fibre strands
and chemical free cleaning.

Hygienic

The fine fibre strands reach into
the smallest crevices.

Durable

High-quality raw materials and
modern processing techniques.

KITCHEN

A CLEAN KITCHEN IS THE HEART OF THE HOME. MAKE IT HEALTHY AND AS CLEAN AS IT CAN BE, WITH THE PORE DEEP CLEANING ACTION OF ENJO.

Did you know that your kitchen can be cleaned and can sparkle by using just Enjo fibres and water?

www.bit.ly/ENJO-cleans-6-times-better

.....

HYGIENE EXPERT HANS HIRSCHMANN CONFIRMS THAT THE ENJO CLEANING SYSTEM IS SIX TIMES MORE HYGIENIC THAN CONVENTIONAL CLEANING METHODS.

Enjo + water

6x

.....

cleaner than conventional cleaning

ENJO makes me confident that my home is always clean. And with a product that is sustainably manufactured in Austria.

VERENA
ENJO CUSTOMER

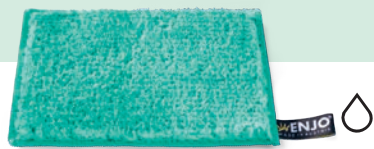

ENJO AND WATER ARE A BRILLIANT COMBINATION FOR THE BEST CLEAN.

KITCHEN PACK

Value \$ 141 pack price **\$ 121**

a healthy kitchen

KITCHEN ALLPURPOSE CLOTH

Ideal for lightly soiled surfaces such as kitchen cabinets, tables and counters. To achieve the best cleaning results apply a small amount of water using the ENJO Spraybottle.

Art.-No. 50021

\$ 29

**KITCHEN ENJOFIL
KITCHEN WAFFLE ENJOFIL**

Our recommendation for final drying. Our unique fibre will dry and give any surface in your kitchen a shine. To be used on a wide variety of surfaces such as chrome, glass and stainless steel.

Art.-No. 50023

\$ 36

Art.-No. 50033

\$ 36

KITCHEN TEA TOWEL

Ideal for drying dishes, pots, pans or anything washed in the kitchen. The waffle design of the Kitchen Tea Towel provides the perfect surface for absorbing large amounts of water. This means many dishes can be dried with only one towel.

Art.-No. 50026

\$ 45

**KITCHEN DUOGLOVE
KITCHEN DUOCLOTH**

The grease side (sun side) is suitable for use on everything from ceramic cook tops and work surfaces to refrigerators. The grime side (striped side) can be used to remove stubborn dirt. For best results, use with cold water. This causes fat to harden, so it can be picked up by the fibre strands and remain there. Only when the fibre is rinsed in warm or hot water and soap does fat become liquid again and is washed away. Perfect for carrying out a deep clean in combination with our Marble Paste.

Art.-No. 50000 **\$ 54**

Art.-No. 50020 **\$ 38**

KITCHEN SCRUB

For washing dishes, pots, pans, even cleaning your oven, the grey and black side of the Kitchen Scrub can be used to remove stubborn dirt. The green ENJOtex fibre removes grime, fat deposits and oil from the surface. Our hygienic replacement for hundreds of disposable sponges.

Art.-No. 50060 **\$ 38**

CAUTION

The grease side of the kitchen fibre will remove protective wax, oil and grease from surfaces, so be careful when using on wood or delicate surfaces. Do not use the grime side of the kitchen fibre (strong side) on stainless steel.

**KITCHEN CUTLERY &
GLASS ENJOFIL**

Our polishing and drying cloth for glassware, cutlery, wine carafes and so much more. Shake out before use to ensure a lint-free, streak-free application. For an ideal shine use slightly damp.

Art.-No. 50025 **\$ 39**

KITCHEN FRUIT & VEGGIE CLOTH

This double-sided cloth reliably cleans the porous skin of fruits and vegetables, making sure they are really healthy. The rough side removes dirt, pesticides, preservatives and wax from fruits and vegetables. The light green side can be used to dry food and remove smaller dirt particles.

Art.-No. 50022 **\$ 32**

KITCHEN WAND SET

For washing in those hard to reach areas as well as vases, thermos flasks. No more wet hands when washing pots and pans.

Art.-No. 5KW **\$ 28**

[www.youtube.com/
/ENJOInternational](http://www.youtube.com/ENJOInternational)

less chemicals in 3 years!

I'm so excited about what you can do with ENJO fibres and just cold water, and how easy and healthy it is to clean. Everything pure - I love ENJO.

CAROLINE
ENJO CUSTOMER

The Hansgrohe company is a world leader in kitchen and bathroom fixtures and endorses ENJO. They have put ENJO to the test and the results are outstanding. ENJO products have a long life; clean hygienically and are gentle to the surface. Thanks to these excellent results Hansgrohe recommends ENJO.

breathe easy

BATHROOM PACK

Value \$ 128 pack price **\$ 108**

**BATHROOM DUOGLOVE
BATHROOM DUOCLOTH**

Suitable for a wide range of applications: bathrooms, laundry rooms, bathtubs, spa areas, tiles, grouting, shower screens, ceramic sinks, toilets and so on. Cleaning is much quicker if done immediately after the bathroom has been used, using the care side of the glove (soft side) to wipe wet surfaces.

Art.-No. 50100 **\$ 54**

Art.-No. 50120 **\$ 38**

BATHROOM SCRUB

The muscle in the bathroom area, suitable for cleaning tiles and grout. For heavy limescale/hard water deposits, we recommend using the Bathroom Scrub together with a few drops of Citrus. Calcium Dissolver.

Art.-No. 50160 **\$ 38**

BATHROOM ENJOFIL

Ideal for wiping surfaces dry and everyday use in the bathroom for very smooth materials such as chrome-plated items, glass panels and mirrors. ENJO recommends lightly moistening the ENJOfil using the Spraybottle before use.

Art.-No. 50121 **\$ 36**

**BATHROOM COMBIWIPER FIBRE
16CM // 28CM**

The Combi is available in two sizes and is the perfect tool for cleaning larger areas in bathrooms, toilets, en-suites, shower rooms and so on. The smaller version is ergonomically perfect for cleaning the bathtub. Wipe clear with the rubber blade or dry after use with the Bathroom ENJOfil.

Art.-No. 50162 **\$ 32**

Art.-No. 50163 **\$ 45**

BATHROOM WAND SET

Perfect for cleaning your toilet bowl or cleaning those hard to reach places like behind the faucets and toilet. A must have tool in your bathroom.

Art.-No. 5BW **\$ 28**

BATHROOM FLEXI FIBRE 25CM

Perfect for cleaning your toilet bowl or cleaning those hard to reach places like behind the faucets and toilet. A must have tool in your bathroom. If the fibre does not deliver sufficient cleaning power, we recommend applying a few drops of undiluted Calcium Dissolver to the fibre tip and using this to clean the spray rim of the toilet bowl. Leave to act and then rinse in order to remove even stubborn dirt from the rim.

Art.-No. 50161 **\$ 39**

Art.-No. BFU25 **\$ 84**

CAUTION

Take care! With very hard water, mineral deposits may act like sandpaper on surfaces and leave behind scratches. Our Citrus. Calcium Dissolver can help.

FLOORS, WINDOWS & SURFACES

CLEANING WITH ENJO PRODUCTS USING ONLY WATER ENSURES THERE IS NO CHEMICAL RESIDUE LEFT BEHIND. PROTECT YOUR LOVED ONES – USE ENJO.

As Canadians, we spend 90% of our time indoors. Children and pets spend a lot of time playing on the floor so having a healthy clean home is so important to their well-being.

www.bit.ly/ENJO-study-on-air-hygiene

.....
USING ENJO AND WATER MEANS NO FUMES

ENJO CUSTOMER**

barefoot and

Stands alone

The Floorcleaner stays upright by itself.

Maximum benefit

Our Pole can be combined with other ENJO tools and makes the Flexi and the Combi even more effective.

100% recycled material

Our Telescopic Pole is made from 100% recycled high-quality components.

Easily adjustable

It is quick and easy to change the height for each user and cleaning task (96cm to 172cm).

TELESCOPIC POLE

Art.-No. 51000 \$ 69

FLOOR PACK

*Includes hardware and choice of two \$ 89 floor fibres (soft, medium or dust)
Value \$ 316 pack price \$ 259

With our Floorcleaner you can achieve perfect cleaning results. Our ergonomic design is easy on the body.

Our tip: Clean the floor in an S motion.

FLOOR FIBRE DUST

The ideal choice for wherever dusting is required. Use on smooth floors, walls and ceilings. Please note very oily or waxed surfaces may cause the fibres to stick together reducing their effectiveness. It is usually enough to shake out or brush the floor fibre outdoors after each use or you can vacuum it. We recommend to wash the Floor Fibre Dust with warm water at less than 40°C.

Art.-No. 50404

\$ 89

FLOOR FIBRE SOFT

Perfect for the gentle cleaning of smooth and shiny floors with light to average dirt. Works on laminate, bamboo, parquet, linoleum, stone, marble, cork, ceramic, high gloss tile and wood. Caution! Loops of fibre may catch and snag on rough wooden floors. Also ideal for wiping dry sealed or shiny floors that have been cleaned with our Floor Fibre Medium or Floor Fibre Strong.

Art.-No. 50407

\$ 89

d happy

Awesome results

Every part of your floor fibre will maintain contact with your flooring, giving you a perfectly even clean.

Patented locking system

For more stability in the upright and working positions, our award winning system allows you to lock upright and release for cleaning, all in one easy step.

FLOORCLEANER PLATE

Art.-No. 51020 \$ 69

360° quality joint

The positioning of the 360° floor plate joint allows you to reach into corners, under furniture or up walls.

www.bit.ly/ENJO-study-on-dust-pollution

FLOOR FIBRE MEDIUM

Suitable for a wide range of textured and sealed surfaces such as laminate flooring and tiles. Not recommended for oiled wood floors. By the way, our Floor Fibre Soft is the perfect solution for drying.

Art.-No. 50408

\$ 89

FLOOR FIBRE STRONG

The Floor Fibre Strong can be used on durable floor surfaces, both indoors and out. Take care! The blue fibre will remove any wax coating from floors, ceilings or walls. For this reason, do not use to clean surfaces that have been waxed or oiled. Since the fibre absorbs a limited amount of water, we recommend wiping shiny surfaces using a dry Floor Fibre Soft.

Art.-No. 50402

\$ 99

FLOOR FIBRE EXTREME

This Floor Fibre really stands its ground when it comes to tough applications both indoors and out such as heavy-duty tiles, stained concrete slabs, garages, workshop floors and industrial concrete floors. It should not be used on any delicate surfaces. It is perfect for removing algae around swimming pools and cleaning brick facades.

Art.-No. 50403

\$ 99

see clearly

WINDOW COMBIWIPER FIBRE 16CM // 28CM

This fibre is the perfect tool when it comes to cleaning windows reliably. As well as sunrooms and any other large, smooth surfaces that can be washed such as doors, mirrors, or boats. Clean the window thoroughly with the fibre and wipe clear with the dry rubber blade without pressure. Use the Window ENJOfil to wipe moisture off the rubber blade after each stroke. Catch any trickles of water in the fibre so that the window remains dry and clean.

Art.-No. 50340 **\$ 32**

Art.-No. 50341 **\$ 45**

[www.youtube.com/
ENJOInternational](http://www.youtube.com/ENJOInternational)

MULTI TOOL PLATE

The Multi Tool Plate is a perfect addition to ENJO's cleaning routine. Fitting the Combiwiper grip, it adds efficiency and reduces effort from many cleaning tasks. The plate is flexible, which allows smooth cleaning movement over a multitude of surfaces. This reduces strain on the wrists and hands while cleaning. The slim line and extended range allow ergonomic cleaning in hard-to-reach areas such as narrow stairways, gaps, etc.

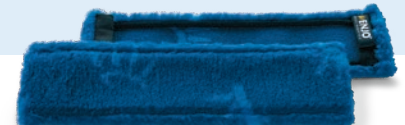

Art.-No. 51150 **\$ 69**

MULTI TOOL FIBRE SOFT

The perfect companion for the Living Pack, the Multi Tool Fibre Soft can be used with cold water on painted walls and ceilings, wall paneling, cabinet fronts and doors, high gloss surfaces and natural stones, waxed, oiled and non-sealed surfaces.

Art.-No. 50250 **\$ 49**

MULTI TOOL FIBRE STRONG

The intensive cleaning power of the strong fibre removes even heavy soiling quickly and effectively. With strong but fine fibres, it is ideal for concrete/stone walls, outdoor siding, doors and other outdoor surfaces, small balcony & terrace floors, hard-wearing wood surfaces and more.

Art.-No. 50252 **\$ 49**

Perfect grip

Ergonomic, non-slip handle for a firm grip

Oval fibre attachment

For large surface areas.

Rounded, soft edges

Made from anodised aluminium to prevent surface scratches.

Adjustable & exchangeable Rubber

For drying hard to reach surfaces.

COMBIWIPER
16CM // 28CM

Art.-No. 51100-51141

16cm \$ 119

28cm \$ 139

WINDOW ENJOFIL

Our expert tool for drying windows and glass surfaces without leaving streaks and for drying the rubber blade of the Combi. Simply fold the cloth two or three times across the middle to create 8 or 16 areas of cloth surface that you can use for wet or dry cleaning.

Art.-No. 50320

\$ 36

COMBI EXTENDERS

The Combi can easily be adjusted to the required width using the Extenders, allowing you to carry on using only one tool for different tasks. The Combi Extenders allow you to extend your Combi to 28cm.

Art.-No. 51120

\$ 5

TWISTER

This practical attachment for the Flexi 55cm, Combi16cm/28cm, Power Grip and Telescopic Pole extends the capabilities of these tools even further. The articulated joint makes it possible to clean areas that are beyond the reach of standard cleaning equipment. The yellow valve head can be pushed to angle the Twister in four different positions. Used in combination with the Twister and Telescopic Pole, the Combi is ideal for cleaning boats and campers!

Art.-No. 51160

\$ 32

simply better living

Dust and dirt spread through all areas of our homes - including the air. This is a problem for many asthma and allergy sufferers.

LIVING DUOGLOVE STRONG/MEDIUM

Ideal for tackling medium to heavy dirt in all areas of the home. For all surfaces except naturally waxed wood, including indoor and outdoor windows and frames, small floor surfaces, baseboards.

Art.-No. 50202

\$ 54

LIVING DUOGLOVE TEXTILE/SOFT

Our answer for tackling dirt and stains on textiles such as carpets, sofas, clothes, shoes and car seats. Do not rub excessively when cleaning. If too much water is used, the soft fibre (light blue side) can be used to dry areas with a blotting action.

Art.-No. 50201

\$ 54

LIVING MEDIUM CLOTH

The perfect tool in all areas of your home. Use it for finger prints to damp dusting. Not for use on waxed wood or high gloss surfaces.

Art.-No. 50221

\$ 35

LIVING ENJOFIL

Our specially designed drying cloth will leave your surfaces streak free and bring out the shine. Use damp on lightly soiled items such as lamps, picture frames and glass.

Art.-No. 50222

\$ 36

LIVING FLEXI FIBRE 55CM

Use in all areas in the house. To clean light dirt and grease from high or hard to reach places. E.g. on top of, below and beside kitchen and laundry appliances, between the vanity and shower door tracks and air vents. Will bend in many directions to suit different surfaces.

Art.-No. 50240

\$ 52

[www.youtube.com/
ENJOInternational](http://www.youtube.com/ENJOInternational)

A highly versatile tool, our Flexi 55cm offers an unbeatable level of flexibility. Made from high-quality shape memory stainless steel, it is easy to bend in any direction and remains sturdy in any position.

so simple

DUST GLOVE

Our classic tool, suitable for use throughout the home. Ideal for dusting furniture, plants, pictures, car interiors and much more. We recommend to wash the Dust Glove with warm water to a maximum of 40°C.

Art.-No. 50204

\$ 54

DUST FLEXI FIBRE 55CM

Ideal for dusting hard-to-reach areas such as blinds and shutters, radiators, ceiling lights and fans, air vents, baseboards and under appliances.

Art.-No. 50241

\$ 52

LINT GLOVE

Puts an end to lint on clothing, upholstery, soft furnishings, fabric shoes, and so much more. A must for removing pet hair. Also removes lint from ENJOtex fibres. Brush against the grain to collect lint in the fibre or work with the grain to remove lint from the fibre.

Art.-No. 50203

\$ 39

DUST FLEXI 55CM UNIT

\$ 139

 ABOUT ENJO

ENJO cooperates with the Finnish Allergy, Skin and Asthma Association. The allergy label indicates that the product generally does not irritate the skin, cause symptoms of hypersensitivity or cause other allergic and asthma reactions.

LENS CLOTH (SET OF 3)

For crystal-clear results on all types of glasses, sunglasses, lenses, cameras, cell phones and CDs. Larger particles of dust and dirt should be removed by blowing them off or washing before use. This is a safe way to prevent scratches. Only then should you clean surfaces in a circular motion without excessive pressure.

Art.-No. 50226

\$ 34

POLISHING CLOTH

Our best product for the perfect polishing of shiny surfaces such as silver, brass and chrome. It is also the perfect choice for antique furniture, painted and varnished furniture. Can be used on suede and leather as well as cars and motorcycles. Please never polish items in direct sunlight.

Art.-No. 50225

\$ 19

POWER GRIP

This multifunctional ergonomic handle is suitable for our Flexi 55cm and the Twister. It makes it easy to connect and change ENJO tools, and it has a secure attachment mechanism. The Power Grip also extends your working radius.

Art.-No. 51220

\$ 35

OUTDOOR

A CLEAN GRILL IS A MUST
FOR OUTDOOR COOKING.

Cleaning with water only? I am surprised every time about the result – ENJO simply works and it is important to me to be able to make a difference to our environment.

JÜRGEN
ENJO CUSTOMER

OUTDOOR PACK

Value \$ 154 pack price **\$ 129**

easy rider

ENJO Outdoor Pack cleans everything from pools to patios, boats to BBQs. ENJO protects the environment and outperforms. There are no limits!

OUTDOOR DUOGLOVE

Reliable cleaning power for sports equipment, boats, children's play-ground equipment, gardening tools, patio furniture, flowerpots and planters, barbecues, swimming pools and much more. However, not suitable for paint-work! The strong fibre means it is easy to clean even the hull of a boat covered with a thick layer of algae. Also excellent for cleaning fireplace doors. To remove stubborn dirt, first loosen with the wet extreme side of the fibre and then wipe clean with the wet grey side of the fibre.

Art.-No. 50501

\$ 64

OUTDOOR SCRUB

Cleans everything from sports equipment and agricultural equipment to running shoes, hiking boots, patio furniture and almost anything else. To remove stubborn dirt, first loosen with the wet extreme side and then wipe clean with the wet grey fibre side. The Outdoor Scrub is also ideal for grooming pets. However, not suitable for paint-work!

Art.-No. 50540

\$ 38

www.youtube.com/ENJOInternational

OUTDOOR GLOVE

A gentle yet perfect way to clean your car, bikes, go-karts, windsurfer, helmets, campers, garden furniture, tents, and much more. Before washing the car, thoroughly hose off dirt with plenty of water to prevent residual dust from being rubbed into the paintwork. The more dirt you have the more water you use.

Art.-No. 50500

\$ 54

OUTDOOR ENJOFIL

The specialist outdoor tool with a textured, soft surface for everyday use – perfect for applications with very smooth surfaces such as car paint, car interiors and exteriors, motorcycles, bicycles and tools as well as drying outdoor areas. Ideal when used like a chamois on freshly washed cars.

Art.-No. 50520

\$ 36

OUR TIP

Before washing the car, rinse the car thoroughly using water. This removes dust from the car's surface, preventing it from rubbing into the paint. Dead bugs on headlights and windshields can be removed easily if you spray water on the area and allow it to soak.

**ABOUT ENJO**

Our ENJO skin care products were tested by Dermatest® and have received the five-star premium seal. For more information on Dermatest®, visit www.dermatest.de/en

**BODY DUO GLOVE**

The Body Duoglove cleanses the skin deep into the pores. Rough skin becomes soft and smooth again. The pores are unblocked, the circulation stimulated and the exchange of oxygen increased. The light fibre is suitable for sensitive skin and the dark fibre for normal skin. Great for kids dirty hands and feet!

Art.-No. 50600

\$ 54**BODY DUO CLOTH**

Our Body Duocloth naturally cleanses the skin deep into the pores for a radiant complexion. The light fibre is suitable for sensitive skin and the dark fibre for normal skin.

Art.-No. 50620

\$ 38**FACE DUO GLOVE**

The Face Duoglove has been specially developed for delicate and sensitive skin. The fibre gently removes dead cells, make-up and excessive oil deposits from the skin. Clean your face and neck using the Face Duoglove in a circular motion without applying much pressure. Especially for teenagers with oily skin, a hygiene routine with ENJO and water is a good alternative. However, we advise against use on skin that is red, inflamed or on rashes.

Art.-No. 50601

\$ 39**BABY WIPES - PINK // BLUE**

ENJO Baby Wipes are designed to clean sensitive skin using just water. Great for bath time, diaper changes and dirty faces and hands. It replaces conventional wash cloths and wet wipes that may irritate skin. Note: Do not use on dilated or broken capillaries, spider veins or skin rashes. Discuss with a doctor before using on extremely sensitive skin.

\$ 24**EYE PAD**

The Eye Pads should be used damp or wet to remove make-up and clean skin. Mascara, eye shadow and other products are gently wiped away. After use, wash fibre with a little soap. Do not use on skin with inflammation, redness or rashes.

Art.-No. 50621 (Set of 2)

\$ 22**SENSITIVE CLOTH**

From newborns to adults. It's perfect for all skin types including very sensitive skin. Use with a generous amount of water and light pressure. After use, wash the fibre with warm water and soap.

SKIN CARE PACK

Value \$ 115 pack price \$ 99

natural beauty

ENJO has created a unique line of personal care products. Our ENJOtex fibres clean pore deep and give your skin a balanced ph level and natural glow. Clean healthy skin with just ENJO and water.

Why does ENJO offer helpers? The ENJOtex fibre can do many things, but of course it cannot perform miracles. ENJO lets you save on cleaning solvents – by 90%. For very stubborn cases, such as tough burnt-on stains and heavy deposits, we offer a range of helpers that are produced with natural ingredients. However, these really should only be used in very small amounts for difficult dirt.

Helpers

ORANGE BLOSSOM. WASHING UP LIQUID 300ML // 1000ML

The all-round talent for effective cleaning and extra shine. In combination with our ENJO fibres, our Washing Up Liquid cleans extremely dirty or greasy surfaces, ideal for use in the kitchen drop-by-drop as your everyday dish soap. It is also effective on removing spots and stains on textiles. The nourishing components give extra shine to any hard surface like tiles. Apply one drop on the damp to wet ENJO fibre and clean the surface. Wipe off with the wet ENJO fibre and dry with an ENJOfil. Do not leave to act on Corian.

Art.-No. 52002

\$ 32

Art.-No. 52024

\$ 53

CITRUS. CALCIUM DISSOLVER 300ML // 1000ML

When it comes to removing calcium, we trust in well-tried household remedies like citric acid and plant-based lactic acid. Apply a few drops of Calcium Dissolver with the damp to wet ENJO fibre to the surface to be treated and leave to act for a few minutes. Wipe off with the wet ENJO fibre and dry with an ENJOfil. Do not leave to act on delicate surfaces. Test on a hidden area before use. Do not use on Corian nor with chlorine cleaners.

LAVENDER. LAUNDRY LIQUID 300ML // 1000ML

With full plant power, ENJO's Laundry Liquid deep cleans laundry and at the same time protects your ENJO fibres. Perfectly suited for coloured and white laundry as well as natural fibres like cotton, linen, wool and silk. Our mild formula makes the Laundry Liquid suitable for those with sensitive skin and babies, as well as people who have allergies. Use 10ml for a standard machine wash load (4-5kg dry laundry). You will be able to modify amounts depending on your machine, water hardness and dirt levels. Suitable for all common washing machines and cycles.

**MARBLE POWER.
CLEANING PASTE 500G**

Very fine marble powder acts as a natural dirt solvent and at the same time polishes the cleaned surface. Ideal for cleaning stubborn dirt from hard surfaces in the kitchen and around the home (ceramic/stainless steel cooktops, ovens, chrome or steel surfaces, barbecues etc). Apply using a damp ENJO fibre and clean the surface. Wipe off with the wet ENJO fibre and wipe dry with an ENJOfil. Do not use on delicate or specially coated surfaces. Do not leave to act on Corian.

Art.-No. 52102

\$ 49

**BEESWAX.
LEATHER & WOOD BALM 240ML**

A high-quality recipe formulated of natural waxes. ENJO's Balm nourishes and protects leather and wood items. The colour is refreshed and the surface receives a protective film. Suitable for leather shoes, jackets, bags and belts; wooden furniture, tables and doors as well as car fittings. Apply Leather & Wood Balm sparingly with the ENJO Polishing Fibre and allow to act. Then buff with the ENJO Polishing Fibre to achieve a high sheen.

\$ 49

SPRAYBOTTLE 500ML

The ENJO Spraybottle is the perfect helper for conveniently wetting fibres and smaller areas. This unique design can spray at all angles. Do not use with any other liquid other than water. Chemicals and essential oils will damage the tubing of this bottle.

Art.-No. 51300

\$ 22

**DISHWASHER LIQUID
300ML // 1000ML**

For shiny clean dishes we rely on powerful plant ingredients like sugar beet and sweet corn. Our Dishwasher Liquid removes even stubborn dirt. The eco and health friendly recipe is sustainably produced and fully biodegradable. Now you can be sure that your dishes are cleaned toxic-free! Pour one tablespoon (10-15ml) directly into dosage chamber for a standard machine. You will be able to modify amounts depending on your machine, water hardness and dirt levels. Suitable for household dishwashers. For best results, we recommend a 50c standard program. No eco or quick wash cycles.

LAUNDRY BAG

Our Laundry Bag is the optimal solution for preventing fibre lint. It can be used to wash fibres separately so that they do not attract lint from other materials. Tip: It is also suitable for gently washing delicate items of clothing with a hook or zip fastener (bras, sports shirts etc.).

Art.-No. 51420

\$ 12

**PUMP ATTACHMENT FOR
LAUNDRY SOAP 300ML // 1000ML**

Our recommendation: Use ENJO's Pump Attachment to dose your Laundry Liquid exactly: 2ml per pump. You can use the Pump Attachment time and again.

Enjo care

AND APPLICATION

Dampen the ENJO fibre with cold water from the Spray- or Pumpbottle. Optionally dampen one third of the fibre under the tap.

Roll water through evenly. Squeeze out any excess water.

Before first use, wash all ENJO fibres (except the Lint Glove).

Never wash ENJO fibres using fabric softener or bleach.

For very light soiling, rinse fibres in warm water. For light soiling, soak in warm water with Orange Blossom. Washing Up Liquid. Fibres with soiling at medium level can be machine washed. When fibres are dirty or contain greasy deposits, they can be washed in the machine at 40–60°C. ENJO fibres should be hung up to dry after being washed.

ENJO floor fibres should be rinsed out after each use and hung to dry. Do not allow to dry while dirty or on the Floorcleaner.

Roll up the wet fibre from top to bottom and press gently. Do not wring out the fibre!

When cleaning with ENJO fibres use a circular wiping motion without pressing hard.

We recommend folding cloths such as the ENJOfil 2 to 3 times across the middle. This results in 4 to 8 areas of cloth surface that you can use for wet or dry cleaning.

Do not use fibres on a hot surface (cooking plates, pots, cook tops or grills). Let these surfaces cool first or rinse them with cold water.

There is a risk of scratching on delicate materials. You should therefore check the effect of cleaning with an ENJO fibre on a hidden area as a first step.

Contact with sharp or rough surfaces may well result in tears to some delicate ENJO fibres, creating small holes. This does not affect the function of the products.

ENJO fibres can occasionally collect particles of grit (for example when washing the car) which could scratch delicate or high gloss surfaces. Ensure you are using plenty of water to rinse fibres while working if there is a risk of grit being picked up.

Our care instructions

-  Use dry
-  Use damp – no need to dry afterwards
-  Use wet – dry afterwards
-  Optimum washing temperature 40-60°C
-  Do not bleach
-  Do not iron
-  Do not tumble-dry
-  No fabric softener
-  Do not dry clean
-  Colour Indicator = Service Life
-  Wash in the Laundry Bag

Enjo Fibre Longevity

HOW LONG DOES MY ENJO PRODUCT CLEAN HYGIENICALLY?

Cleaning tests confirm – depending on application, area and frequency of use – the ENJO fibre has an optimum cleaning performance for three years. After this time, the cleaning power decreases significantly. During the 4th year the cleaning performance drops to 44%. Therefore we recommend to replace the fibres after 3 years.

Give your used up ENJO products to your ENJOpreneur. We will then have the old ENJO products recycled professionally.

ENJO fibres perform very well for a period of 3 years. However, from that point on, the performance decreases and you might want to consider buying a new one.

HANS HIRSCHMANN, HYGIENE EXPERT OF THE FEDERAL HYGIENIC DEPARTMENT OF VORARLBERG (AUSTRIA)

We make sure that your products are always 100% up to the job with our colour indicator label. For optimum cleaning performance, ENJO fibre products should be renewed about every three years - depending on application, area and frequency of use. Our colour indicator shows you when the ENJOtex fibre has reached the end of its lifespan.

LABEL BEFORE USE

Colour of test patch and wear indicator patch will differ strongly.

LABEL OF WORN OUT PRODUCT

Colour of the wear indicator patch has changed. Now it is time to refresh your product. Please contact your ENJOpreneur.
