FALL 2021 COLLECTION // SEPTEMBER-FEBRUARY

WE'RE COMMITTED

When we started, our purpose was to empower women with opportunities—opportunities to change their lives and the lives of those around them. And 18 years later, nothing has changed.

TO OUR PLANET

Our totes, bags and pouches have always been intended for more than single-use, which makes them better for the planet. We know there is still work to do. So, we're beginning to offer 9 of our favourites in a new fabric made from recycled bottles. Mother Nature is always giving to us, so let's give something back to her.

TO YOUR EVERY DAY

We're here to help you organize at home and on the go. Our easy and personalized solutions take clutter and make it cute.

TO OUR COMMUNITIES

We're sisters. Mothers. Daughters. Friends. Wives. But together, we're Thirty-One. And together we can do anything. Because after all, it takes a village.

COMMITTED TO DOING

better together

Fall is finally here, and with the new season comes new beginnings. I can't wait to spend fall together—on weekend hikes enjoying nature's vibrant colours to cozy nights at home by the fire.

Are you looking forward to a fall reset, too? We're here to help. From on the go to in the home, our products are helping you get organized, so you can spend more time with loved ones, near and far.

We're also passionate about taking more steps toward caring for the planet, and we are beyond thrilled to introduce 9 of our bestsellers in recycled fabric, along with new prints in our always reusable favourites.

And, of course, we're continuing our mission of helping each other, by sharing the Thirty-One

opportunity with friends and family. Throughout this issue, you'll find special shoutouts from my friends in the Circle of Honour, sharing stories of personal success and empowerment in our amazing community.

This fall, we're looking forward. And we're committed to doing better—together.

BOTTLES FOR BAGS

Change takes time. And what better way to introduce our newest step toward positive environmental change than by including our timeless bestsellers?

Starting this season, we're beginning to make fabric for 9 of our top-sellers (featured on this spread) from recycled plastic bottles. We estimate that these reusable styles will help us keep 4 million plastic bottles out of landfills in 2022.

It is a small step, but every step counts as we work to minimize waste and make even better products for you—and the planet.

MAKE IT YOUR OWN

Single letters could be the first letter of your last name—but you do you!

Two-letters are great for your first and last name or couples' initials.

Three letters of the same size follow the first, middle, last name order. A bigger center letter can represent a person's last name (first, last, middle). For married couples, the middle letter is their shared last name, and the outer letters represent each of their first names.
