What makes a jacket "the one" you never leave home without? Flexibility. Our Bombers are the perfect companion for workouts, travel, and everyday because they offer so many ways to wear them. Strategically placed vents mean you won't melt in warmer weather, while features like thumb holes, and cinch strings at the waist and hood mean you can also shut out cool breezes. Layer it up for winter workouts, then pack it down tight. This jacket was born to travel gracefully and weighs almost nothing.
