ZAHIA'S CORNER

A message from our CEO

Another wonderful month with Ms Allure. The months are flying by and we are still not a year old. The Werribee office is buzzing with activity from customers and Ambassadors dropping in.

We flew to Auckland, New Zealand to open our satellite office and do a mini launch for Ms Allure NZ . We met the most beautiful people and invited 12 new Ambassadors from New Zealand into our family. The New Zealand website was a big hit. The future is looking bright for our New Zealand team.

And we are so honoured that we are going to have The Platinum Ambassadors Grant Reihana and Ella McRoberts join us at the Ambassador's Ball in October, hopefully with some of their Ambassadors.

We are getting excited as our Las Vegas trip is only weeks away. Life is choices. Always choose to be happy and do the things you love.

Always keep smiling!

Love Zahia x

KIA ORA NEW ZEALAND!

On Wednesday the 27th of July, a new exciting chapter began for our small family business as we opened our satellite office in Auckland, New Zealand.

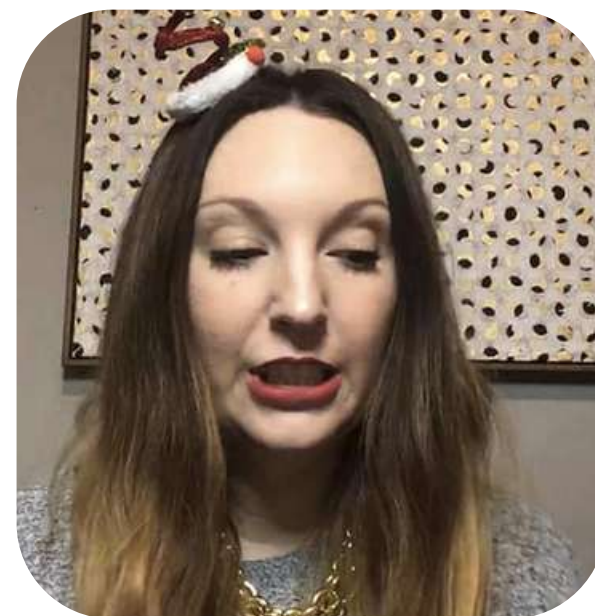

Many people thought we were crazy to open an International office after only being up and running for 10 short months, but our passion and love for this business was too strong to listen to anything like that! Thus, our 3rd office was born.

The night was filled with many familiar and new faces that have travelled along this exciting journey with us. Although the most notable part of the night was seeing how Ms Allure touched the lives of so many people in our New Zealand family. Not having a Headquarters located in the country meant they had to deal with delayed orders, customs, and the struggle of conversion rates, though even through that they still managed to spread the love bigger than we had ever seen before.

After many long hours and late nights in preparation for this launch, we are so pleased to announce that we officially have a Headquarters in Auckland New Zealand. Our Ambassadors and customers can now order directly through a New Zealand website, in New Zealand dollars and have their orders shipped directly out of Auckland. Last month we joined over 12 new Ambassadors to our New Zealand family, with more interest sparking each day. Our vision has become clear, and that is that this is only just the beginning for our New Zealand family and this journey we are taking together.
