game-changing ingredients for your skin

NIACINAMIDE, also known as vitamin B3, is a powerful ingredient for both hydration and brightening. It supports the skin barrier to increase resilience, improve texture, minimize the appearance of pores and soften signs of aging. It also helps improve the health of hair follicles and reduces scalp irritation.

HYALURONIC ACID increases hydration by drawing water to the skin's surface, leaving your skin plump and dewy. It also reduces the appearance of fine lines and wrinkles and speeds up skin healing.

SQUALANE, derived from olives, works as a protectant to lock in moisture and soothe skin, aids in cell regeneration and improves overall appearance of fine lines and wrinkles.

PREBIOTICS support skin's barrier function by stimulating the healthy bacteria on skin. The healthy bacteria will completely overwhelm any harmful bacteria over a short time, helping to balance pH and promoting a radiant complexion.

PROBIOTICS feed the healthy bacteria on skin to balance pH and protect against free radical damage, while plumping and brightening skin.

GUARANA contains 5x the amount of caffeine as coffee, making it a powerful ingredient for increasing circulation, reducing puffiness and boosting skin elasticity. It is also full of antioxidants to help tighten skin and reduce the appearance of cellulite and stretch marks.

VITAMIN C is a powerful antioxidant that will brighten and enhance your complexion, soothe skin imperfections and protect against harmful free radicals.

skin luxuries

Elevate your skincare routine with this luxury collection. Created with clean, effective ingredients that target advanced signs of aging while smoothing and brightening the skin.

Earned Spa Incentive Trip, Spa Squad, Jump Start, Top Rookie of the Month

My journey to health started when my husband and I decided to start a family. We went on a weight loss and autoimmune journey that led me to removing gluten from my lifestyle. Enter...Lemongrass Spa! I found products that work, are affordable, and I don't have to worry about reading labels to know it's safe! But that was just the beginning. Then came my amazing team, the most

supportive upline, and a company that puts emphasis on all of the right things. I've never felt like I'm selling a day in my life with Lemongrass Spa. In just my first year, with my team's efforts, I promoted to Director and my husband and I went on our first incentive trip this summer. We have so much to look forward to and the growth with Lemongrass Spa excites me every day!

Earned Spa Incentive Trip, Top Rookie Recruiter of the Month, Spa Squad, Jump Start, ReStart

In June of 2021 I had the honor of joining Lemongrass Spa. I had been on the hunt for a clean company that not only had products I could stand behind, but had a vision beyond skincare. My friend Priscila was on an incentive vacation with Lemongrass Spa at the time and as I watched her stories I was drawn to the culture of a company that could so beautifully worship the Lord on the beach together. It was a no brainer for me after seeing that. I jumped in with both feet and learned as I went. Becoming a consultant has enabled our family

to make deeper connections and friendships as well as enable me to continue sharing on social media the many ways families can switch to cleaner products in their home. My kiddos are all on board and know I'm going to reach for Healing Elements the moment they skin their knee or get a bruise! I'm a minimalist when it comes to skincare and makeup, but my daily go-to is the Organic Mascara and it's by far my most loved item and coming in at a close second is the Blossom Body Polish that sits in my shower!

Earned 5 Spa Incentive Trips, Dynamic Dozen in Sales, \$200,000 Career Sales Award, Star Sales Award, Spa Squad, ReStart, Jump Start

Five years ago, I was on the hunt for **true** natural skincare products for myself and my family; and at that time, my daughter was also plagued with eczema. My childhood best friend shared Healing Elements with me and after seeing the fast improvement in my daughter's skin, **I dove in!** At the time I joined, we had two toddlers, a new home, and were living on one small income. While I was so happy simply to save on our family's personal products, I also saw the

potential to financially contribute to my family in a way I never considered before, while getting to stay home with my littles. Now, I can't imagine not having the flexibility to work and create an income on my terms. I feel so blessed to be able to utilize my platform to give back generously to my community, support moms and women in their own journeys, take my family on luxurious trips, and earn an income all from my phone.

I started with Lemongrass Spa just 2 weeks after having a double mastectomy following a breast cancer diagnosis. I received the Loving Care Gift Set from a couple of friends which led me to research the company and see what it was all about. Their commitment to using fresh, clean and natural ingredients and avoiding the "Dirty Dozen" toxins still found in many products just aligned with changes I already wanted to make following my diagnosis. Though my friends and family thought I was a little crazy for jumping in while in the midst of treatments/recovery, I knew that I wanted to be able to get Loving Care Gift Sets into the hands of other cancer

patients and use these products for myself and my family. I've built a team, spoken at our national conference, earned two spa incentive trips and more. Most importantly, I love that this company has a heart for giving back and that we as consultants have the freedom to work our business how we choose. I love hosting fundraisers for people or organizations that I care about, and I've donated hundreds of Loving Care Gift Sets. Lemongrass Spa gives us every resource possible to do whatever we want with our business and joining this company is one of the best decisions I've ever made!

What our hosts love most!

"Hosting an event was a great way to continue making a switch over to natural, higher quality products. My consultant did a great job making my party easy, fun and informative, but also pressure-free for my guests. I was very impressed with my rewards as a hostess. I was able to try many of the items on my wish list."

- EMILY ROGERS
Consultant Priscilla Good

"I'm a busy homeschool mom to 6 children. Lemongrass Spa made having an event extremely easy! My amazing consultant did most of the work, yet I got to reap the benefits of lots of free products! It's a very affordable way to provide myself and my family with clean skincare."

- KAREN SLAYMAKER
Consultant LaVera Mast

"Being a hostess was very gratifying. Not only did I introduce people to Lemongrass, but I learned a lot about the products. I love everything I have tried but my favorite is Healing Elements or as I call it Miracle Balm, which I was able to earn FREE with my event."

Together we're making an impact

When we pull together as a community, we can make astonishing things happen. Over the years our consultants have given back to thousands of nonprofits, fundraisers, outreach programs, victims of violence and our military through our impactful giving back campaigns.

“Fundraising events are at the core of my business. Men, women and children coming out of trafficking situations have little to no belongings. Our kits are small enough that they will accept them without worrying about needing to owe something in return. Our kit is a chance for them to be gifted something that belongs to them.”
