From humble beginnings and a lofty vision, ONEHOPE was founded on one simple idea: that great wine can change the world. It's over a bottle that we gather together, open our hearts, and share stories that shape the vision of our future.

From our home to yours, we invite you to join us in a wine experience like no other. Where you can pour proudly with purpose by raising money for causes close to your heart through our tasting events. To date, our Hosts and Cause Entrepreneurs have helped raise over \$8 million dollars for causes around the world.

Cheers to making an impact!
