AT MEDICAL MARY, HEALTH AND WELLNESS ARE OUR TOP PRIORITY.

We promise to deliver the world's finest CBD products at a competitive price. Our diverse line of health and beauty products is pharmacist-formulated, produced in FDA-registered and GMP-certified facilities, and third-party tested for maximum potency. Medical Mary products are sourced only from all-American hemp farms.

We combine the world's finest CBD products with potent and proven nutraceuticals. We are passionate about health and wellness and work to deliver beneficial products that are changing lives.

Each Medical Mary product begins with concentrated CBD refined from American hemp plants, grown by family farmers who've been in the business for generations. Using our unique Supercritical CO2 Extraction process, the experts in our lab create an odorless, flavorless CBD oil.

Before our CBD is ever packaged or mixed into a product, each batch is third-party tested and proven to reach at least 99.8% purity before it's accepted and processed. Our pharmacists combine the refined CBD extract with nutraceuticals to amplify the potential therapeutic and neuroprotective properties of CBD. We fine tune each ingredient and measure for maximum synergy and healing power. We deliver results you won't get anywhere else.

We wanted to provide competitive pricing even for the smaller retail establishments, so we have introduced our Partner Wholesale program. This allows anyone that has setup a wholesale account with us to purchase our products at 50% off retail price without having to buy in case volume. You can mix & match any of our 50+ products and get 50% off retail as long as you meet the minimum \$500 requirement wholesale purchase.

HAPPY PETS CBD OIL

BROAD SPECTRUM | 1.0 FL OZ (30 ML)

Our Happy Pets Tincture is a great option if you'd like your pet to get the most from our organic, broad-spectrum hemp oil. Because the oil enters your pet's bloodstream sublingually, rather than passing through the digestive system, CBD bio-availability increases. And when bio-availability increases, you can expect your pet to calm down much faster. Plus, it contains Vitamin E and tastes like bacon. That's right...bacon. Your pup will be begging for his daily dose!

ADVANCED EYE REPAIR TREATMENT	\$39.99	\$20.00

15 ML

Medical Mary's advanced eye repair treatment has been designed with essential oils, peptides and hyaluronic acid. This unique formula can be applied topically as an anti-aging serum or directly underneath makeup (concealer). You'll see noticeable improvements. The benefits of this product are that it may help to remove dark circles under the eyes, reduce wrinkles, create smoother skin and a brighter look. Advanced Eye Repair Treatment also helps tighten your complexion for more youthful looking results!

What is Hyaluronic Acid?

Hyaluronic acid is a chemical compound that occurs naturally in the human body and helps to maintain healthy skin, joints, and cartilage. It also plays an important role for tissue regeneration such as bone growth after injury. This ingredient is a featured ingredient in our advanced eye repair treatment. It plumps your skin by filling up space between cells with water or oxygen which gives you more volume and makes wrinkles less noticeable!
